

**Project Coordinator
For
Frankfurt Zoological Society – Afro alpine Ecosystems Conservation Project
(FZS- AECP)**

This is a field based position providing technical support for the development of community conservation institutions and conservation-compatible alternative livelihood development. The work will primarily focus on supporting the Guassa Community Conservation Area (GCCA) and Bureau of Culture, Tourism and Parks in Mehal Meda, with some input into the Abune Yoseph CCA. This is a fixed term contract to implement donor funded projects up to the end 2016.

FZS–AECP: Project Coordinator

This position requires technical skills in community based natural resource management and livelihood development and proven competence in project management and coordination.

The successful candidate will be based full time at Mehal Meda in Menz, with monthly trips to Addis Ababa.

Key Job Requirements: *i.* At least 6 years field experience in community based natural resource management and institutional development and conservation compatible livelihood development combined. *ii.* MSc in a relevant subject *iii.* Written and spoken fluency in Amharic and English

Application: Please email a CV and covering letter to samuel.taye@fzs.org for full application details. Closing date for applications is 14th January 2015.
